OUR G'LOVE STORY

———— For the fashion conscious Golf Lover ————

No longer must you sacrifice performance for aesthetics while out on the course or range.

Our Mallorca branch of Backswing Fashion has developed golf gloves go along with designer lines in sportswear and golf clothing.

After decades in the fashion and golf industries, we saw a vacancy in the market for fashion focused gloves that did not compromise on function.

Our B·Gloves are made of high quality, genuine cabretta leather with reinforced palms for a secure grip and pure control.

A highly elastic elastane fabric on top of the hand improves flexibility while empowering fashion conscious golfers.

Our unique prints are exclusively selected to make a statement as subtle or bold as they want.

With our B·Gloves we promise a strong performance with a handful of glamour.

Inspired by a lifestyle seaside on our beautiful island and golf paradise Mallorca, we design every single glove with great attention to detail and much love.
